ID	Description
GO:0009058	biosynthetic process
GO:0003674	molecular_function

Category

- Biological Process
- Cellular Component
- Molecular Function

ID	Description
GO:0009058	biosynthetic process
GO:1901566	organonitrogen compound biosynthetic process
GO:1901576	organic substance biosynthetic process
GO:0003735	structural constituent of ribosome
GO:0009059	macromolecule biosynthetic process
GO:0044249	cellular biosynthetic process
GO:0044391	ribosomal subunit
GO:0034645	cellular macromolecule biosynthetic process
GO:0005840	ribosome
GO:0006412	translation
